REFERENCE(S)

EASA-5164, 9 March 1959

Forwarded herewith are the bimonthly progress reports on UW Areas #1 and #5. We currently have no assets in UW Areas #3 and #7 since GRIMPASTE has been permanently assigned to UW Area #2 (See Attachment #1 to EASA-5179, 13 April 1959). Through our program of obtaining information from GRBANAL (see reference), we have come up with one likely looking prospect in the vicinity of UW Area #7, but have not yet been able to contact him. We hope to be more successful during May.

REPORT OF UW AREA NO. 1 FOR THE PERIOD 1 MARCH THROUGH 30 APRIL 1959:

I. Progress

A. Personnel: The Principal Agent for this area is ORBLAMED-26 and his W/T Agent is ORBLAMED-31.

B. Status:

1. During the period ORBLAMED-31 had five days of intermediate W/T training in Munich. The Communications Officer believes he may be capable of sending and receiving W/T satisfactorily by the end of the summer. If he does become a qualified operator, as is expected, he and ORBLAMED-26 will form a complete UW nucleus. Both, however, will need more tradecraft training to make them satisfactory agents.
2. ORBLAMED-4 and ORBLAMED-26 were not contacted during the period.

C. Security: There have been no changes in the security of the operation other than ORBLAMED-26's friendly relations with the head of the local security forces which was reported in reference.

D. Training: As noted above ORBLAMED-31 satisfactorily underwent five days of W/T training (see EUSA-7042, 30 March 1959, for Communications Officer's report). No other instruction was undertaken.

E. Equipment: Neither ORBLAMED-26 nor ORBLAMED-31 have been issued any equipment.

F. Administration: ORBLAMED-31 was paid his salary (AS 250.00 per month) and expenses through March 1959.

II. Planning:

A. Training: ORBLAMED-26's and ORBLAMED-31's tradecraft instruction will be resumed during the coming reporting period.

B. Equipment: ORBLAMED-31 has been told to find a suitable place in the hills near his home to cache the W/T equipment we plan to issue him before the end of the summer.

<p align="center">REPORT OF UW AREA NO. 5 FOR THE PERIOD 1 MARCH THROUGH 30 APRIL 1959:</p> <p>I. Progress</p> <p>A. Personnel: GRRPAIR-7 is the P/A for this area with GRRPAIR-17 as his radio operator.</p> <p>B. Status:</p> <ol style="list-style-type: none"> GRRPAIR-17 was recruited on 14 March 1959 and successfully passed the code aptitude test (see EASA-5166, 23 March 1959). He is to attend his initial W/T training period sometime during the summer and we expect him to make rapid progress. Acquisition of GRRPAIR-17 and the subsequent transfer of GRRPAIR-15 to UW Area #6 has the effect of temporarily reducing our current wartime capability in UW Area #5. PRQ Part II on GRRPAIR-17 was sent under EASA-5169, 27 March 1959. GRRPAIR-7's status has improved in that he now has a W/T operator trainee and one in whom he has confidence. Although our overall capability in this area is slightly reduced (GRRPAIR-17 is untrained and GRRPAIR-15 is half trained), we have at least developed the basic nucleus for the area. Moreover, the two agents due to their personal relationship should work very well as a team. <p>C. Security: There have been no problems during the reporting period. GRRPAIR-7, however, has reported the presence of another KPO member in his area. This person is a Gendarmerie Reconnaissance and, according to his chief who is a friend of GRRPAIR-7, is a known Communist. Traces will be requested when we have sufficient identifying data.</p> <p>D. Training: GRRPAIR-7's training program was postponed in favor of the recruitment and testing of GRRPAIR-17. The latter, however, received briefings on security and the nature of staybehind activities.</p> <p>E. Equipment: No items have been issued to either agent.</p> <p>F. Administration: GRRPAIR-7 has received salary (AS 500.00/month) and expenses through March 1959.</p> <p>II. Planning</p> <ol style="list-style-type: none"> The training program for GRRPAIR-7 will be resumed at an increased pace. A joint tradecraft session will be held with GRRPAIR-7 and GRRPAIR-17 in order to commence the latter's operational training and to further brief both on their respective wartime roles. <p>Distributions: 2 - Vienna 2 - EE</p> <p align="right">6-124-27/3 6-124-27/10</p>
